STENNIS SPACE CENTER PROTECTIVE SERVICES CONTRACT

OFFICER UNIFORMS AND EQUIPMENT REQUIREMENTS

Attachment J-07

ATTACHMENT J-07 - OFFICER UNIFORMS AND EQUIPMENT REQUIREMENTS

1.0 Uniform and Support Equipment Standards

1.1 Security Officer

1.1.1 The Contractor shall provide/issue standard, complete, adjusted for climate, appropriate uniforms (to include patches and shields) to all uniformed officers to be worn at all times when on duty or as directed. Every armed security officer shall be issued threat level III concealable body armor in a color appropriate to the duty uniform. Body armor shall be readily accessible while on duty and worn during increased threat levels and during training.

1.1.2 Every Security Officer must be attired and equipped to a single, uniform standard. Consideration for climate and geography is authorized by adjustments of fabric type and weight. The uniform selected by the Contractor, shall conform to high quality manufacture and shall provide for quality appearance, safety, comfort, durability, stain resistance, and performance.

1.1.3 Sufficient quantities of uniforms shall be issued to provide officers with clean serviceable uniforms for daily use.

1.1.4 Non-uniformed officers shall wear appropriate and standard civilian attire that meets the needs of the mission and complies substantially with the provisions of this attachment.

1.1.4.1 Contractor identification on civilian attire is not authorized when civilian clothing is worn in lieu of a uniform.

1.1.5 Appearance

1.1.5.1 The uniform will present a favorable public image.

1.1.5.2 The appearance of uniforms will fit well and be clean, neat, and well pressed.

1.1.5.3 Foot wear will be clean and polished at all times.

1.1.6 All Security Officers shall wear the same color and style of uniform.

1.1.7 The approved shield and nametag, either metal or embroidered, identifying the wearer as a security officer, will be worn on the duty shirt and/or outer garment. The nametag shall be located above the right breast pocket.

1.1.8 No Contractor identification, logo, or trademark, will be worn or displayed on the uniform at any time.

1.1.9 The uniform shall only be worn when the officer is on official duty. Inappropriate wear of the uniform offsite while off duty is prohibited.

1.1.10 Uniforms and equipment for security officers must consist of the following minimum items considering geographical and climate conditions:

Supervisors and above:

Winter - Uniform of the Day (UOD) pictured, white long sleeve, black tie (male), tab (female), black pants, NASA Protective Services Patch. (Long sleeves and tie/tab are optional.)

Summer -UOD, same as above but with short sleeves and no tie.

All Security Officers:

Winter - Uniform of the Day (UOD) pictured, light grey long sleeve, black tie (male), tab (female), black pants, NASA Protective Services Patch. (Long sleeves and tie/tab are optional.)

Summer -UOD, same as above but with short sleeves and no tie/tab.

Locksmiths and Badging Personnel (optional):

Polo, Black Pants, NASA Protective Services Patch

1.1.10.1 Headgear shall include as a minimum high quality baseball style cap and appropriate cold weather caps where necessary.

1.1.11 A standard uniform black necktie/tab shall be worn with the long sleeve shirt. The tie/tab shall not be worn with the short sleeve shirt.

1.1.12 A standard uniform duty shirt light grey in color (white in color for shift supervisor) shall be worn. Both short and long sleeve shirts shall be available for wear. Shirts shall be sized for the continuous wear of concealable body armor. Adjustments to fabric for climatic conditions shall match the look and appearance of the standard uniform as much as possible

1.1.13 Shirts: shirts shall be seven (7) button placket fronts with shoulder epaulets and have sewn-in creases. Shirts shall have pleated and scalloped pockets and a badge sling on the left breast pocket.

1.1.14 Trousers: standard uniform duty trousers shall be black in color. Adjustment of fabric for climatic conditions shall match the look and appearance of the standard uniform as much as possible. Trousers shall have no cuff.

1.1.15 Sweater: standard uniform duty, V-neck black, military style, badge tab, shoulder epaulets.

1.1.16 Shoes: standard uniform duty black shoes. Athletic shoes are not acceptable.

1.1.17 Duty Gear: standard uniform duty gear shall be plain black. All duty gear shall be fully serviceable and professional in appearance. Duty Gear shall include a duty belt, level III retention holster, pants belt, belt keepers, reflective vest, magazine pouch, radio carrier, baton holder, OC spray holder, flashlight carrier, handcuff pouch, nametag, US Flag patch on right sleeve, appropriate rank insignia, NASA security patch, and other items as approved by the COTR.

1.1.18 Rain Suit and cold weather clothing; standard uniform duty coat, rain boots (optional), and gloves.

1.1.19 Fluorescent yellow Hi Visibility safety vest.

1.1.20 Any proposed changes or modifications to the standard uniform shall be approved by the COTR.
