NASA Langley Research Center Custodial Support Services
Solicitation NNL15541369E Questions & Answers-Amendment 000005

	QUESTION	ANSWER
1.	Answers there is a discrepancy on question 9 & 10. For question 9 based on the monthly price it does not match your total on the answer to #10. With the much lower answer, which does not match the total we feel it is going to cause issues with the pricing, companies are going to bid much lower than the actual cost of the contract.	The current monthly price reflects the value of the current option period, not the original award value.
2.	Will there be a public bid opening on this requirement and if yes, what is the location, date and time?	Yes. Please reference Amendment 2 SF33.
3.	Please confirm that Level 4 New Town Buildings for clean/service restrooms and locker rooms and kitchen areas are to be performed twice daily	Please reference Exhibit A Performance Statement of Work, Appendix A.
4.	I'm would like to request a copy of the employee seniority list and the union contact information for the NASA Langley Research Center.	Please reference Amendment 000004 question 1 and Exhibit C Collective Bargaining Agreement.
5.	Will the contractor be responsible for providing their own communication devices, walkie - talkie's, pagers etc?	Please reference: Section G.5 INSTALLATION ACCOUNTABLE GOVERNMENT PROPERTY (1852.245-71) (JAN 2011) and Exhibit A Performance Statement of Work Section 2.
6.	Is the current Project Manager a Union member?	No

	QUESTION	ANSWER
7.	Is the contractor allowed to include vehicles for this contract? If yes what types, cars, golf carts, trucks etc? Are there vehicles being utilized in the current contract? If yes how many, what types?	Please reference Exhibit A Performance Statement of Work Section 2. Yes. Data not available.
8.	Are we to duplicate our prices for the Option years given the current Union contract expires this year, there is no way for us to know what wages would be for following years so are we to use the same pricing for Option years 2,3 etc?	That is not a Government determination.
9.	Is it possible to receive a consumable supplies list, especially for towels and toilet paper, such as manufacturer and type – it would be helpful with pricing for consumables.	Data not available.
10.	Reference 4.1.1. Non-carpeted floors- The contractor should clean, seal, scrub, polish, strip and wax "as required" for the appropriate surface to maintain, protect and ease normal routine floor cleaning. Appendix A states non-carpeted floors to be serviced every other week for Level 1 and for Level 2 weekly and for level 3 daily and under Level 4 multiple frequencies. Are we to understand that we are to price scrubbing, sealing, polishing, strip and waxing on these frequencies? If not, please provide the frequency for buffing, scrubbing, polishing, and stripping and waxing for Levels 1, 2 and 3?	Please reference Exhibit A Performance Statement of Work Section 4.1.1 and 4.16.7.
