RFI A/E
Question Set 3
March 10, 2011

Question/Comment	Answer(s)
1. I am interested in submitting qualifications for this project, and a subsequent SF330; however I do have a question. Will NASA accept a letter of intent between myself and a large business to establish a mentor/protégé agreement should this project be set aside as an 8(a) project or would such an agreement need to be in place at the time I submit a capability statement?	The response to the Request For Information (RFI) does not require a letter of intent between all parties or the agreement to be in place.
