Steam Vacuum System NOx Emission Reduction System
NNA1173369R-1
Question Set 2
November 21, 2011

	RFP Reference	Question/Comment	Answer(s)
1	General	In the base bid, if the space taken up by the existing pads is not needed, would it be acceptable to leave the pads in place?	Yes, it is acceptable to leave the pads in place if that space is not needed.
2	General	Option 1, item 1, is lead paint located in the interior of the sphere?	There is no paint in the interior of the sphere.
3	L.15	L.15 Proposal Preparation Provision, indicates All proposal components be addressed per SF 1442 Block 9. As near as I can determine that is still to be addressed to Ken Kitahara MS 213-13, Bldg N213, Rm. 101A. I thought from the pre-bid conference that this was changing to : William E. Hale MS241-1	Section L.15 address is revised, in RFP Amendment 4, to reflect William E. Hale, M/S 213-1; Building 213, Room 229; for delivery of proposals.
