Reply to Attn of: 12

TO: All Langley Research Center Employees

FROM: 12/Contracting Officer, Office of Procurement

SUBJECT: RECOM IV Procurement Communications Blackout

In accordance with NASA and Federal Acquisition Regulations, notice is hereby given that effective immediately a communications blackout is imposed for the RECOM IV procurement. The resulting contracts will replace the existing RECOM contracts held by Advanced Technologies Inc, Micro Craft Inc, Tri Models, and Triumph Aerospace Systems.

All employees must refrain from communicating (either formally or informally) with any prospective offeror regarding any aspects of this procurement. This does not preclude interactions with incumbent contractor personnel required in the normal conduct of business pursuant to the incumbent's existing contracts.

All inquiries should be referred to Drena McIntosh, the Contract Specialist, at extension 42198 or by e-mail at drena.j.mcintosh@nasa.gov. The solicitation and evaluation period will last for the next several months, with selection of contractors scheduled for approximately December 2012. The blackout period will remain in effect until contractor selections are publicly announced.
