SOLE SOURCE JUSTIFICATION
PR #4200432799 Wideband Recorder Upgrade

This purchase is for the upgrade of our existing Wideband System multi-channel recorder units. This upgrade will modify our existing recorders from eight channel recorders to twelve channel recorders. This upgrade will be accomplished by purchasing the Wideband System Inc. P/N DRS-IFB-4A4D twelve channel recorder cards and associated cable harnesses.

Pursuant to FAR 13.106-1(b) and 13.103-3 (b) (3) (i), the acquisition of the Wideband System Inc. P/N DRS-IFB-4A4D twelve channel recorder cards is determined to be available from only one source, Wideband Systems, Inc. Competition is impractical for the following reason:

Wideband Systems Inc, is the only supplier of parts for their recorder systems.
