1	**Attachment III**	Cost/Price Forms		Please confirm that the format of the cost file provided by the government (Attachment III-Cost Forms) should not be changed to comply with the Arial 11 point font requirement. As this would disrupt the print layout and scaling given by the government and require significantly more paper.	See Amendment 03 for RFP language change to section L.8(b) that the Arial 11 font requirement does not apply to the “Attachment III-Cost Forms”.
