NATIONAL AERONAUTICS AND SPACE ADMINISTRATION (NASA)
AMES RESEARCH CENTER (ARC)
REQUEST FOR PROPOSAL (RFP) – NNA14464770R
AIRCRAFT RELATED SERVICES (ARS)
September 22, 2015

Q1. Why was the NAICS Code 488190 chosen for this opportunity?

A1. The Contracting Officer and the Contracting Officer Representative reviewed the Aircraft Related Services statement of work requirements and determined that NAICS 488190 was the most appropriate because it covers aircraft maintenance and repair.

Q2. Is Wind Tunnel Support Services going to be included on this contract?

A2. Yes, please see paragraph 4.0 of the Statement of Work attached to the Request for Proposal (RFP).

Q3. What UAS aircrafts are currently supported under the Statement of Work (SOW) paragraph, NASA Unmanned Aircraft Maintenance and Operations?

A3. A sample of the supported aircrafts are listed in paragraph 5.0 of the SOW attached to the RFP.

Q4. Will there be a requirement for an Orals Presentation?

A4. There will not be a requirement for oral presentations as part of an offeror's proposal.

Q5. Will the Government release a draft RFP Sections L & M?

A5. The Government does not have plans to release the RFP as a draft.

Q6. When will the attendees to the Industry Day meetings be posted?

A6. The list of attendees participating in the Industry Day meetings will be release with the RFP.

Q7. Will the Government provide a staffing matrix in the proposal that indicates the minimum requirements for each position and the number of positions required?

A7. In the RFP, the Government provides a staffing matrix and position description (see Section J.1, paragraph (b), Attachment 1).

Q8. How much was spent each year on the current contract for material and ODC's?

A8. In the RFP, the Government provides its current best estimate of contract requirements for Other Direct Costs (ODCs) which are intended to cover such items as materials, supplies, equipment, travel and training. The amounts provided for purposes of proposal submissions.

Q9. Why did the Government not release a draft RFP?

A9. Based on the prior history of this procurement, the contract requirements including the SOW, and information from interested parties, the Government decided not to post a draft RFP.

Q10. How many Full Time Equivalent (FTE) personnel are working on the current contract?

A10. Information regarding the current contractor's staff, can be requested through the Freedom of Information Office (FOIA).
