**Section L. WO1 (contained on pages 67 and 68 of Solicitation) is hereby removed and replaced with the following:**

**WO1 Work Control System (WCS)**

The Offeror shall describe its proposed electronic WCS that will be used to monitor all work activities. Offeror shall provide a demonstration version of the WCS in a working test environment and all password access. The WCS shall be hosted online, certified that the online demonstration version shall remain unaltered and available to the Government from the date of proposal submission to six (6) months after contract award.

At a minimum, the demonstration version of the software, to be run in the Offeror's test environment, shall demonstrate the ability to meet the governments requirements and the ability to be made operational within the phase-in period, per Appendix C in the SOW. If any of the requirements cannot be met, the Contractor shall disclose the reason(s) within its proposal response.

At a minimum, the discussion regarding the WCS shall include:

- a. System capabilities
- b. Process for potential enhancements or changes.
- c. Ability of the system to be jointly used by the Government.
- d. Required and timely training for Government personnel and timeframe for Government access.
- e. Signed Certification and availability of the online demonstration version.

**Section M. WO1 (contained on page 80 of Solicitation) is hereby removed and replaced with the following:**

**WO1 Work Control System (WCS)**

The Government will evaluate the proposed electronic work control system that will be used to help monitor all work activity. Consideration will be given to the adequacy, realism, effectiveness, and completeness of the information provided in the below areas:

The ability of the Offeror's WCS to meet government requirements and be able to be incorporated into the schedule per Appendix C in the SOW. If any of the requirements cannot be met, the Contractor shall disclose the on(s) within its proposal response.

- a. System capabilities
- b. Process for potential enhancements or changes.
- c. Ability of the system to be jointly used by the Government.
- d. Required and timely training for Government personnel and timeframe for Government access.
- e. Signed Certification and availability of the online demonstration version.
