ATTACHMENT D

Uniforms and Equipment Requirements

Dated: 5/14/12

Attachment D –Uniforms and Equipment Requirements

Uniforms and Equipment Requirements

The Contractor shall:

1. Provide and issue standard, complete, adjusted for climate, appropriate uniforms to all uniformed officers to be worn at all times when on duty. The uniform selected by the Contractor shall conform to high quality manufacture standards and shall provide for quality appearance, safety, comfort, durability, stain resistance, and performance.
2. Uniforms shall comply with the below descriptions:

Shift Supervisor:

Winter - White long sleeve shirt with seven (7) button placket front with shoulder epaulets and sewn- in creases. In addition, shirts shall have pleated and scalloped pockets and a badge slit/place on the left breast pocket, black tie and navy uniform pants.

Summer – White short sleeve shirt with seven (7) button placket front with shoulder epaulets and sewn-in creases. In addition, shirts shall have pleated and scalloped pockets and a badge slit/place on the left breast pocket, no tie and navy blue uniform pants.

High quality baseball style cap and appropriate cold weather caps where necessary.

Optional - Standard uniform duty V-neck sweaters that are black, military style, badge tab on the left breast pocket, shoulder epaulets.

Security Police Officers:

Winter - Light blue long sleeve shirt with seven (7) button placket front with shoulder epaulets and sewn-in creases. In addition, shirts shall have pleated and scalloped pockets and a badge slit/place on the left breast pocket, with tie (male) and with tab (female) and navy uniform pants.

Summer – Light blue short sleeve seven (7) button placket fronts with shoulder epaulets and have sewn-in creases. In addition, shirts shall have pleated and scalloped pockets and a badge slit/place on the left breast pocket, no tie and navy blue uniform pants.

High quality baseball style cap and appropriate cold weather caps where necessary.

Optional - Standard uniform duty V-neck sweaters that are black, military style, badge tab on the left breast pocket, shoulder epaulets.

Canine (IDIQ):

Winter - Navy blue long sleeve Polo shirt with the embroidered NASA Security Police Badge shown in item 3 below, Battle Dress Uniform (BDU) tan pants.

Summer - Navy blue short sleeve Polo shirt with the embroidered NASA Security Police Badge shown in item 3 below, Battle Dress Uniform (BDU) tan pants.

High quality baseball style cap and appropriate cold weather caps where necessary.

Administrative Personnel including Badging and Locksmiths:

Winter/Summer - Light blue short sleeve Polo shirt with GSFC Protective Services stitched in 2/3" print in navy blue color on the upper left side (see below) and navy blue uniform pants.

Protective Services**

3. Issue and ensure only approved badge shield, either metal or embroidered, identifying the wearer as a Security Police Officer is worn on the duty shirt, and/or outer most garment. The approved embroidered NASA Security Police Badge shall be provided by the Contractor. The NASA Security Police Badge metal shields will be provided by the Government (see Attachment C). Picture appears below.

4. Provide and issue to and ensure that every armed Security Police Officer wears National Institute of Justice (NIJ) threat level III concealable body armor in a color appropriate to the duty uniform, while armed for duty or training.
5. Shirts shall be sized for the continuous wear of concealable body armor. Adjustments to fabric for climatic conditions shall match the look and appearance of the standard uniform as much as possible.
6. Provide sufficient quantities of uniforms to provide officers with clean serviceable uniforms for daily use.
7. Ensure the uniform presents a favorable public image and fit well, are clean, neat, and well pressed.
8. Ensure foot wear is clean and polished at all times.

9. Ensure all officers shall wear the same color and style of uniform.
10. Ensure that no Contractor identification, logo, or trademark, is worn or displayed on the uniform at any time.
11. Prohibit inappropriate wear of the uniform while off duty and not on official NASA Protective Services business.
12. Utilize standard uniform duty black shoes. Athletic shoes are not acceptable.
13. Utilize standard uniform duty gear that is plain black. All duty gear shall be fully serviceable and professional in appearance. Duty gear shall include a duty belt, level III retention holster, pants belt, belt keepers, reflective vest, magazine pouch with 2 magazine carriers, radio carrier, baton holder, Oleoresin Capsicum (OC) spray holder, flashlight carrier, handcuff pouch, nametag.
14. NASA standard Protective Services uniform patch shall be on left sleeve (see below) and the reverse US Flag patch on right sleeve (see below), and appropriate rank insignia shall be displayed.

Standard Protective Services Uniform Patch

Reverse US Flag Patch

15. Utilize rain suit and cold weather clothing; standard uniform duty coat, rain boots, gloves and cold weather parka and pants appropriate for cold climate conditions.
16. Issue patrol jacket with fluorescent yellow high visibility outside and black reversible inside with the Standard Uniform Patch on the left sleeve and reverse US Flag Patch on right sleeve described in item 14 above.

17. Issue special (non-standard) uniforms; tactical, and other specialized details shall be permitted to wear a BDU style tactical uniform trouser, tan in color that meets the unique requirements of these assignments.
18. Ensure non-uniformed officers (i.e. Program Manager, Security Analyst, etc.) shall wear professional business attire that meets the needs of the mission and complies with the provisions of this attachment. Contractor identification on civilian attire is not authorized when civilian clothing is worn in lieu of a uniform.
19. All uniform items listed in this attachment shall be provided by the Contractor (except for the metal NASA Security Police Badge Shield).
