

**Joint Dark Energy Mission (JDEM)**

**Telescope Concept Studies RFP NNG09297780R**

**Questions and Answers**

**Question 1:** The second to last paragraph of Section L.8 states:

“...The offeror shall also include a compliance matrix that lists or references all requirements from the SOW. The matrix shall include a comments field that indicates that the offeror is compliant with each requirement as a result of either the current technical implementation or how the offeror intends to meet the requirements. In addition, the matrix shall provide a cross-reference to the location in the plan where compliance is proposed.”

Do you intend that this compliance matrix list and address the SOW tasks (e.g. 4.1.3.2 Validation, 4.1.4 Cost and Schedule, etc.) or the technical requirements from the Payload Description (Attachment C, e.g. Aperture Size 1.5m etc.)?

**Answer 1:** In accordance with Clause L.8, the compliance matrix shall list or reference all requirements specified in the Statement of Work (SOW), Attachment A.
