[EGLS Offerors]

Dear [Offeror]:

The purpose of this letter is to notify offerors of the Exploration Ground Launch Services (EGLS) Request for Proposal (RFP) cancellation. Solicitation Number NNK09275664R Amendment 005, which cancels the solicitation, is attached.

In light of recent events and the uncertainty of future ground processing requirements for fiscal year 2011 and beyond, it is in NASA's best interest to cancel the current solicitation. A procurement strategy for future program ground operations requirements will be developed as such requirements are identified.

Should you desire a meeting to exchange information on evaluation of your proposal and your views of the acquisition process, please contact the EGLS contracting officer on or before February 19, 2010 to schedule a meeting during the week of March 1, 2010.

If you have questions, please contact Tammy Burlein, Contracting Officer, at 321-867-5182.

Thank you for your participation in the EGLS procurement.

Sincerely,

Original Signed by
Dudley R. Cannon, Jr.
Director, Procurement Office
