

**Engineering Services Contract RFP Questions/Comments**

Question Number	Section	Clause #	Para #	Questions/Comments	Response
39				What specifically delineates a company from having a financial interest in both EGLS and ESC? Can a complete OCI mitigation financial plan make a company eligible for competition if they do similar non-engineering work on EGLS and ESC?	Please see answers to question #23.
40				Is it possible for an EGLS first tier subcontractor not performing or participating in independent assessments, developing specifications or statement of work to be and eligible first tier ESC subcontractor, provided there is an acceptable OCI mitigation plan? For example, if under EGLS, a subcontractor were performing non-engineering support, could they perform similar work as an ESC subcontractor as long as OCI mitigation is delineated?	Yes, such a scenario is possible.
41				Are you [Mary Kiss] the ACO as well as the Contracting Officer for this solicitation?	Yes.
