

Questions received from RFI-LADEE-ST-EMS
Star Tracker Unit for the LADEE Project

Q1. Is there a specification for this RFI that we can review?

A1. The specification for this RFI is ITAR restricted and cannot be released at this time, however the draft Statement of Work is available as an attachment to the RFI.

Q2. Will the Star Tracker Performance Specification be released soon, i.e., before the RFI due date of May 20, 2010?

A2. The Star Tracker Performance Specification will not be released before the RFI due date of May 20, 2010.

Q3. Is a Deliverable Items List (DIL) available to review for this solicitation?

A3. At this time, the technical team has only included a Data Delivery Package in the draft SOW; this can be found in section 3.2.3 *Data Delivery Package*.
