

4.4 INSTRUCTIONS TO OFFERORS - REQUIRED CONTENT OF OFFERS

Please provide two (2) original copies of your Model Task Order. The Offerors' model task order proposal should be organized as detailed below under 4.5 Proposal Requirements. DO NOT submit proposals in binders or any type of binding.

(End of provision)

4.5 PROPOSAL REQUIREMENTS

Offerors are required to provide information responsive to the items set forth below. This information is required for the Government to conduct a fair and uniform evaluation of proposals in accordance with the evaluation approach detailed in 4.6 Proposal Evaluation.

4.5.1 TECHNICAL ACCEPTABILITY

The following data is required and will be used by the Government to determine Technical Acceptability of the proposal.

Bid Bond

A 20% bid bond is required for the Task Order and must be submitted with the Offerors' proposal in accordance with NFS 1852.228-73. The original bond shall be clearly marked as "original" with a raised seal. A single bond may be supplied.

4.5.2 PRICE

Offerors shall complete the Pricing Forms in L.24 Attachment 4, for the prime and any subcontractors for the base offer. A Pricing Form shall be submitted for each CLIN(s) stated in the Task Order. Offerors are required to propose on all CLINs, **partial proposals or alternate proposals will not be accepted**. The pricing forms shall have an original signature by an individual authorized to bind your company.

4.5.3 EXECUTED STANDARD FORM 1442 AND COMPLETED TASK ORDER FILL-INS

Offerors shall submit two fully executed Standard Form 1442s with their proposals executed by an official authorized to bind your company. In addition, Offerors shall complete all applicable fill-ins in "Section 2 – Contract Terms and Conditions" of the Task Order.

4.6 PROPOSAL EVALUATION

This procurement will be conducted utilizing the source selection approach of Lowest Price Technically Acceptable. Proposals that are determined to be Technically Unacceptable will not be considered for award.

Proposals will be evaluated and determined Technically Acceptable or Technically Unacceptable in accordance with the evaluation criteria identified below. Proposals that fail to include required proposal data will be determined Technically Unacceptable.

Award will be made on the basis that the lowest evaluated price of proposal(s) meets or exceeds the Technical Acceptability requirements.
