1	B.7 Clause Firefighter Defined Benefit Plan	7		<p>This section indicates that the contractor will be responsible for administering this plan and in the footnote, it states that contributions may need to be made to sustain the plan. It further states that contractor payments to the plan are reimbursable with no fee under CLIN 006.</p> <p>(1) Are contributions made by the contractor to cover shortfalls in the plan part of the reimbursable payments authorized under CLIN 006?</p> <p>(2) Is the plan presently fully funded by the incumbent contractor?</p> <p>(3) Is the company managing the plan through an outside financial company?</p> <p>(4) Is the offeror responsible for funding shortfalls that may occur?</p>	<p>(1) Yes</p> <p>(2) No, the plan is not fully funded. However, it is currently funded in accordance with Cost Accounting Standards (CAS) and the Employee Retirement Income Security Act (ERISA) of 1974 requirements.</p> <p>(3) Yes</p> <p>(4) No. As a small business set-aside, CAS does not apply to KPSC. Therefore all ERISA required payments will be reimbursable.</p>
2	H.31 Clause National Labor Relations Act CBAs	44		<p>Will the Government please clarify if there is an existing extension in place for any of the CBA's involved in this contract, and if so, what is the length of those extensions that have been negotiated by the parties?</p> <p>Knowledge on if the incoming contractor would be walking into a CBA that is not in force is important to the proper proposal of management strategy.</p>	<p>The current CBAs are available in the bidders library (http://kpsc.ksc.nasa.gov). NASA is not a direct party to the negotiation of CBAs and cannot comment on the status of negotiations to extend. Offerors are not prohibited from contacting the respective unions for more information.</p>
3	L.19(c) Provision General Proposal Instructions	100		<p>We are submitting a response to the NASA KSPC RFP and will be sending our Past Performance Volume by April 1, 2011 as requested by NASA.</p> <p>Does NASA request that we submit electronic copies of the past performance volume with our past performance submission or should the past performance volume only be included on the CD-ROM that accompanies the rest of the proposal response on April 22?</p>	<p>Provision L.19(c), page 100, states "For electronic submissions, each volume of the proposal should be submitted as a separate electronic file".</p> <p>The electronic version should accompany the hardcopy Past Performance Volume II.</p>
4	L.20(a) Provision Volume II Past Performance	103		<p>Please confirm a definite due date for Volume II (Past Performance). Is it April 1 or April 22?</p>	<p>Please reference the response issued under Amendment 003 question 3, issued Friday, March 25, 2011, which states:</p> <p>The Past Performance (Volume II) is requested 21 days prior to the proposal due date of April 22. Offers will not be considered late unless they arrive after 12:00 Noon KSC local time on April 22.</p> <p>Early receipt of the past performance volume facilitates the Government's objective to complete the evaluation process in a timely manner and achieve a contract start on November 1, 2011.</p>

5	L.22 Provision Volume II Past Performance	109 110 111		<p>We have received Amendment #3 to the subject solicitation, and have found that the changes will significantly impact the work we have already completed in responding to the requirements for Volume II, and believe they could impact others responding to the RFP.</p> <p>For example:</p> <ul style="list-style-type: none"> <input type="checkbox"/> We have already sent out past performance questionnaires (PPQs) to clients for some contracts that are based on the previous 5-year timeframe, and you may have already received responses from some that are no longer compliant with the RFP requirements. <input type="checkbox"/> We have already prepared contract descriptions for some contracts that are based on the previous 5-year timeframe. This change will require rewriting major sections of the proposal response. <input type="checkbox"/> We have already formatted, prepared, and populated the contracts table based on the requirements in the previous RFP that did not include wide columns in 12-pt. font for accommodating a contract description (or discussion of any termination). This change will require us to prepare an entirely new table format and repopulate the table. <p>(1) This leads us to ask whether PPQs that have already been submitted for projects completed over 3 years ago will still be considered as well as the associated project descriptions that were prepared to put into the Volume II proposal response?</p> <p>(2) If not, and we now have to identify new projects completed within the past 3 years to replace the previous ones.</p> <p>Will you accept completed PPQs from our clients after the April 1st due date?</p> <p>Please note that requesting our client contacts to complete and submit PPQs within just 5 days is a major imposition.</p> <p>(3) Please consider rescinding these changes in Provision L.22.</p>	<p>(1) No. The Government will evaluate past performance within the last 3 years of recent/relevant contracts performed.</p> <p>(2) Yes. Questionnaires received by 12:00 Noon on Friday, April 22, 2011, will be considered for evaluation.</p> <p>(3) No further changes to SF 30 Amendment 003, Item 4, Provision L.22 will be made.</p>

6	L.22(d) Provision Volume II Past Performance	111		Can OSHA forms may be submitted in pdf format?	No. Please reference provision L.19(c), page 100, regarding PDF files. OSHA Form 300a, fillable form can be located at http://www.osha.gov/recordkeeping/RKforms.html and http://www.osha.gov/recordkeeping/new-osh300form1-1-04.xls .
7	L.23(a)(2)(i) Provision Volume III Cost/Price Proposal Overview	112		It indicates in this section that the Offeror own format and files shall be used for submitting supporting information. (1) How and where do you want to see this supporting information in relation to the KSC price model? (2) Do you also want this file printed and put in the price volume or is it just to be submitted electronically as its own separate file residing within the price model folder along with other price data?	(1) Submit supporting data with cost/price volume III. (2) Printed and electronic copies of files in native format are required.
8	J-01 Attachment PWS	19	3.1 Item 4	Table 3.1 Fire Services Operations - Posts Station #2 lists the Assistant Chief of Operations and the Battalion Chief of Operations. Each shows a number of 1 personnel. Since this is a 24 hour operation with multiple shifts each day, does this mean that there is an Assistant Chief and a Battalion on each shift so that there is coverage for these positions 24/7?	Yes, per attachment J-01 PWS, section 3.1, page 19, Fire Operations and Fire Fighting, Table 3.1, Fire Services Operations Posts. As indicated, these posts are to be staffed with the listed personnel 24/7.
