1852.215-81 Proposal Page Limitations. (FEB 1998)

(a) The following page limitations are established for each portion of the proposal submitted in response to this solicitation.

Proposal Section	Page Limit
Technical	15 Pages*
Price	1 Page

\* Copies of past sample ASME / AWS welder certifications and weld procedures, along with Level of NDE inspectors (internal or subcontracted) that demonstrate capability to meet ASME Section VIII pressure vessel code design, fabrication and NDE and copies of sample plans, procedures, and name subcontractors used for cleaning fluid systems are excluded from the Technical Proposal Section page limit.

(b) A page is defined as one side of a sheet, 8 1/2" x 11", with at least one inch margins on all sides, using not smaller than 12 point type. Foldouts count as an equivalent number of 8 1/2" x 11" pages. The metric standard format most closely approximating the described standard 8 1/2" x 11" size may also be used.
