

JUSTIFICATION FOR SOLE SOURCE ACQUISITION
VALUES \$3,001 - \$100,000

RECOMMENDATION AND DETERMINATION TO SOLICIT FROM ONE SOURCE
PR 4200

NASA, John F. Kennedy Space Center, will negotiate with DLT Solutions for the extension of the Autodesk AutoCAD Electrical, Inventor, and Vault for Workgroups subscription renewal and support. The total estimated cost of this effort is [REDACTED] with support extending through April 30, 2014.

NE has a requirement for the subscription renewal and support of Autodesk licenses. These include AutoCAD Electrical, Inventor, and Vault for Workgroups. NE-E in support of the Ground Systems Development and Operations (GSDO) Program uses AutoCAD Electrical and Inventor to develop designs in 2D and 3D formats. Vault for Workgroups provides a data repository for AutoDesk products under development in support of these programs.

Pursuant to FAR 13.106-1(b) and 13.106-3(b)(3)(i), the acquisition of referenced subscription renewal and support for the software are determined to be available from only one source.

Competition is impractical for the following reasons:

Autodesk software products are sold only by Autodesk Value Added Resellers (VARs). Based on market research conducted, DLT Solutions is the only VAR able to provide the required software license renewal and support to the government.

Based upon the above, I hereby determine that the circumstances of the contract action deem only one source reasonably available for this acquisition. I certify that the supporting data presented in this justification are accurate and complete.

8/1/2012

X Pamela A. Mullenix

Pamela A. Mullenix
Technical Representative / NE-I

I hereby certify that this justification is accurate and complete to the best of my knowledge and belief.

Approved:
Jan Purkle
