

Solicitation NNC12ZDP001Q
Ka-Band Indoor Frequency Converters
Amendment #1

This Amendment #1 hereby changes the due date for both questions and quotes.

- 1) Regarding question due dates:
 - Questions were originally due in writing no later than 4:30 pm on Monday, September 24, 2012.
 - **Questions are now due in writing no later than 4:30 pm on Friday, September 28, 2012.**

It should be noted that NASA cannot guarantee any questions submitted past this time and date will be answered.

- 2) Regarding quote due dates:
 - Quotes were originally due to Jeffrey Hoyt no later than 4:30 pm local GRC time on Wednesday, September 26, 2012.
 - **Quotes are now due to Jeffrey Hoyt no later than 4:30 pm local GRC time on Wednesday, October 3, 2012.**

It should be noted that NASA WILL NOT evaluate any quotes submitted later than this time and date. Any quotes received by the Contracting Officer past this time and date will be rejected as late, and will not be evaluated.

- 3) NASA is currently answering several questions submitted in relation to this offer. The answers to these questions will be posted in the near future as a separate Amendment in a Q&A format.
