

**Kennedy Space Center Grounds and
Pest Contract (KGPC)**

J – 09.1 Schedule, Recurring Mowing

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
NASA Pkwy to 1st Ave from Kennedy Pkwy to H Ave	6	All turf from ditch bottom to ditch bottom see exception for fitness trial below
NASA Pkwy to 1st Ave between D Ave to E Ave (around the fitness trail)	8	All turf from ditch bottom to ditch bottom
A Ave to H Ave between 1 st St and 2nd St	6	All turf from ditch bottom to ditch bottom
A Ave to H Ave between 2nd St and 5th St.	6	All turf from ditch bottom to ditch bottom
M6-0399, HQ Building:	14	All turf from ditch bottom to ditch bottom and up to landscaped area, side of the building or road shoulder cut
M6-0883, KSC Child Development Center	14	within and 15 feet outside the fence line
TR3-0035, GSA Auction Area	6	within and 15 feet outside the fence line
M6-0138, CD&SC area	6	within and 15 feet outside the fence line
M6-0038, Storage Shed	6	within and 15 feet outside the fence line
L7-1557, Environmental Health Building and adjacent facilities and driveways	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
L7-1758, Permanent Air Monitoring Station and adjacent facilities	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M6-1723, Property Disposal Office	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M6-1625, Administration/Paint Facility, and M6- 1671, Reutilization, Recycling, and Marketing Facility	6	within and 15 feet outside the fence line
M6-0996, Orsino Substation	6	within and 15 feet outside the fence line
M7-0409, Engineering Development Lab	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
KSC Learning Institute	6	All turf within 50 feet

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
M7-0660, GN2 Meter Station	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-0809, Communication Cross-connect #1	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-0867, Boresight Control Bldg	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-0912, General Warehouse	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-0961, Hypergol Module Processing North	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1011, GSE Storage Bldg	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1059, Hypergol Maint Support Bldg #2	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1061, Hypergol Support Bldg	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1104, Multi-Purpose Processing Facility	6	within and 15 feet outside of the fence line
M7-1112, Heat Plant	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1212 – Stormwater System only	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1354, Payload Hazardous Servicing Facility	6	within and 15 feet outside of the fence line
M7-1357, Multi-Operational Support Building	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1362, Firex Pump Station	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1417, Ordnance Lab #2	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1469, Vertical Processing Facility and adjacent facilities	6	All turf within 50 feet
M7-1472, RTG Facility	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

M7-1509, Cone Calorimeter Building	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1521, Operations Support Building	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
M7-1522, Operations Support Building Annex	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
N6-1120/1122	6	within and 15 feet outside of the fence line
N6-2296	6	within and 15 feet outside of the fence line
N6-2247	6	within and 15 feet outside of the fence line
N6-2295A	6	within and 15 feet outside of the fence line
N6-2245	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
N6-2274	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
N6-2274A	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
N6-2296D	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
N6-2296S	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
N^--2296U	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
Line-of-sight for TEL-IV boresight	2	Dimensions: 45ft wide and 1,400ft long

Requirements are contained in the PWS 2.1.1.

Requirements are contained in the PWS 2.1.1.

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
M5-0791	6	within and 15 feet outside of the fence line
M5-0840	6	within and 15 feet outside of the fence line
M5-0841	6	within and 15 feet outside of the fence line
M5-1494	6	within and 15 feet outside of the fence line
M5-1695	6	within and 15 feet outside of the fence line

Requirements are contained in the PWS 2.1.1.

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
M7-0531, Banana River Repeater Station	6	within and 15 feet outside of the fence line
M7-0286, Universal Camera Site #2 – surrounding area and driveways	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
L7-2242, Observation Pad	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
L7-0940/0940A, Fire and Rescue Training Area and adjacent facilities and associated driveways	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
L6-0146, Engineering & Administration Building	6	outside the fence line only – on the North side, from the fence line to Schwartz Rd.; and on the East, West, and South sides, mow 30 feet outside of fence line
L6-0146, Engineering & Administration Building	6	All areas inside the fence
Active and closed landfill sites	6	within and 15 feet outside the fence lines
K8-1404, Forward Observer Tower – surrounding area and driveway	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-2468, Sandblast Paint Facility	2	
K6-2498, Universal Camera Site #18	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
L6-0075, Weather Equip Bldg 509 – surrounding area and driveway	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
L6-0133, Radar Wind Profiler Site C	4	within and 15 feet outside the fence lines
K6-2359, Security Training Center, and adjacent facilities	24	within the surrounding ditch lines and up to the pond on the North side of these facilities.
L5-0583, Field Mill Site #18 – surrounding area	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
K6-2496, Security Patrol Headquarters	24	within and 15 feet outside the fence lines
K6-2496B, Canine Kennel Building:	24	within and 15 feet outside the fence lines
K6-2196, Roads & Grounds Maintenance:	6	within and 15 feet outside the fence lines
K6-1996, Heavy Equipment Shop:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1847, Generator Maintenance Shop	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1844/1844A/1844B, Locomotive Maintenance Facility Area:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1696, Component Refurbishment and Chemical Analysis Lab and adjacent facilities:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1547, Logistics Facility:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1446, Generator Operations Building, and adjacent facilities:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Requirements are contained in the PWS

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
K7-1207, NASA News Center, from parking lot/driveway paved areas to the waterlines South and East; and West to OSB II, and North to Transporter Rd at the Barge Terminal Facility	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
Open field bordered by the Barge Terminal seawall, Saturn Causeway, Transporter Rd., and woodline at East end of seawall	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1298, Mission Support Building:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1249, Operations Support Building II – surrounding area and around/between parking lots	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1246, Utility Shops Facility	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1198, Launch Equipment Shop	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1198, Fire Station #2:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1193, Repeater Building	6	within and 15 feet outside the fence lines
K6-1096, Operations Support Building I	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1145, Multi-Function Facility	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-1141, C-5 Substation, and K6-1091, Emergency Power Station	6	within and 15 feet outside the fence lines
K6-0848, Vehicle Assembly Building (VAB)	6	within and 15 feet outside the fence lines
K6-0848, VAB, all turf areas between concrete parking lots on South side of this facility	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-0900, Launch Control Center	6	within and 15 feet outside the fence lines
K6-0791, OPF SCAPE Facility	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

K6-0743, Crawler Transporter Maintenance Building	6	All turf within 50 feet
Open fields west of K6-0696 and Northeast of K6-0848:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K6-0494, Rotation/Processing Surge Facility – within and 15 feet outside fence line:	6	within and 15 feet outside the fence lines

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
All areas adjacent to the Crawlerway route and west of the intersection with Ordnance Road	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
All Crawlerway medians from VAB to both LC-39A and B gates	6	all turf
Access area, 15 feet in width, along North side of GN2 Pipeline, parallel to the Crawlerway from the CCF Building to both LC-39A and B gates	2	all turf and scrub
Area, 15 feet in width, along North side of Crawlerway from CCF West to Ordnance Rd	2	all turf and scrub
K7-0188, MLP Park Site	6	within and 15 feet outside of surrounding fence line
K7-0188B, Switching Station and adjacent facilities	6	all turf in surrounding area
K7-0709, Repeater Building #1	2	15 feet around perimeter of facility
K7-0422, Comm Cross Connect Terminal #2	2	15 feet around perimeter of facility
K7-0089, Repeater Building #3	2	15 feet around perimeter of facility
J8-2204, Repeater Building #4	2	15 feet around perimeter of facility
J7-1736, Repeater Building #5	2	15 feet around perimeter of facility
J7-1886, Weather Tower 211	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J7-0986, Repeater Building #6	6	15 feet around perimeter, and 60 ft wide path from this facility, parallel to Crawlerway, up to the LC-39B fence line

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
K7-0569, Converter/Compressor Operations Building, and adjacent facilities and parking areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-0468, Converter/Compressor Building, and adjacent facilities and parking areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-0314, Drum Storage Bldg and adjacent facilities and driveways	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-0416, Operation Building #1 and parking area:	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-0415, Cylinder Test Facility – surrounding areas and parking areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-0165, Hazardous Waste Storage Bldg and adjacent facilities and surrounding areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K7-0559, Ordnance Operations Building and parking area	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
Ordnance Storage Area, including K7-0255, K7-0306, K7-0356, K7-0405, and K7-0506	10	within and outside the surrounding fence line up to the ditch line
J7-2162, Universal Camera Site #17 – surrounding area and driveways	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J7-2112, Pneumatic Testing Area, and adjacent facilities – areas from roads out to surrounding ditches and within circle driveway	6	areas from roads out to surrounding ditches and within circle driveway

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
All turf areas within and 30 feet outside the fence line around LC-39A	6	within and 30 feet outside the fence line around LC-39A
J8-2109, Pad A Operations Support Building and parking areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J8-1821, Beach Tracking Site North	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J8-1567, Cable Terminal Bldg, and J8-1568, Tower	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut, and between these facilities

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
All turf areas within and 30 feet outside the fence line around LC-39B	6	within and 30 feet outside the fence line around LC-39B
J7-0689, Pad B Operations Support Building and parking areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J7-1338, SCAPE Building and adjacent facilities and parking areas	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J7-1388, Industrial Water Pumping Station and adjacent facilities	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J7-1286, Guard House	6	15 feet around perimeter of facility
J8-755, Tour Bus Viewing Area and adjacent facilities	6	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J6-0490, 500ft Weather Tower, and J6-0393, Universal Camera Pad #16	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut, and between these two facilities

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
K8-1699, KSC Conference Center (Beachhouse)	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K8-0741, Beach Tracking Site South:	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K8-0590, Sea Surveillance Radar Tower	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
K8-1648, Universal Camera Site #3	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J8-2227, Radar Wind Profiler Site D and adjacent facilities	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J8-2228, Universal Camera Pad #12, surrounding areas, and driveway	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J8-2126, Weather Pole #11	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
All non-wooded areas between the SLF runway concrete and the surrounding canals	8	all turf
All non-wooded areas between the canals and the surrounding SLF fence line	8	all turf
All non-wooded areas 30 feet outside of the fence line	8	all turf and scrub
Areas between the Tarmac and the North fence line, and the Tarmac and the runway	8	all turf
J6-2313, Landing Aids Control Bldg, and adjacent facilities and parking areas: Including Firestation #2 Replacement	8	all turf
J6-2262, Mate/Demate Device	8	all turf between the facility and the fence line
J6-2465, Flight Vehicle Support Building, and J6-2466, RLV Hangar - Areas between the buildings	8	all turf
J6-2465, Flight Vehicle Support Building, and J6-2466, RLV Hangar - From outer perimeter of the buildings to the surrounding ditch	4	all turf
J6-0553, Tracking Station	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J6-0407, C-Band Radar Building, and J6-0306, Equipment Building – areas surrounding and between these facilities	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J5-2098, SLF Optical Tracker Site D - 15 feet around perimeter	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J5-1441, SLF Optical Tracker Site E - 15 feet around perimeter	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J5-1299, Fire/Rescue Vehicle Building, area surrounding this facility, area between the facility and the runway fence line, and from 32 nd St NW to woodline	8	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

J5-1196, SLF Media Operations Facility and adjacent facilities – non-wooded areas surrounding the facilities, parking areas, and pond; areas between these facilities and the runway fence line; and from 32nd St NW to J5-1094, Remote Satellite Measurement Unit:	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J5-0386, SLF Optical Tracker Site A – surrounding area and driveway	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J6-1869, Weather Tower 412 – surrounding area and driveway:	4	All turf within 50 feet
H6-1629, Universal Camera Pad #5 – surrounding area and driveway	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J5-0341, Ascent Wind Profiler, and J5-0441, TACAN site	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
J6-2076, Launch Viewing Area	4	all turf in surrounding area up to woodline, ditch bottom, road shoulder cut or waterline
J6-1725, Universal Camera Pad #6, and associated trailers and driveways	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
J6-2327, Clamshell #4 and adjacent facilities and associated driveway	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut

Requirements are contained in the PWS 2.1.1.

Facility or Area to be Mowed	Annual Frequency	Specifications/Exceptions
F6-2375, Universal Camera Site #10 – surrounding area and driveways	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
H7-0163, Universal Camera Pad #9 – surrounding area and driveways	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
H7-1986, Universal Camera Site #4 – surrounding area and driveways	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
H4-1725, Universal Camera Site #13 and adjacent facilities - surrounding area and driveways:	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
H4-1723, Weather Equipment Building, and 95565, Weather Tower #9	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
G5-2000, Tower	2	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
G5-1011, Universal Camera Pad #11 and all adjacent facilities – areas surrounding these facilities and associated driveways	4	all turf in surrounding area up to woodline, ditch bottom or road shoulder cut
E3-1133, Mid-course Radar Facility and adjacent facilities	4	within and 15 feet outside of surrounding fence line approximately 5 acra within fence
C2-1060, KSC North Radio Tower (Shiloh)	4	within and 15 feet outside of surrounding fence line
C2-1300, Digital Airport Surveillance Radar (DASR) Tower, adjacent facilities, C2-1409 and driveways	4	within and 15 feet outside of surrounding fence line
