

PROGRAM ANALYSIS AND CONTROL PAAC IV QUESTION AND ANSWERS SET# 6

156. Question: Reference: RFP Section L.14, Paragraph (b)(1)

The table in this section specifies that Section (b) of the Past Performance Volume is excluded from the page limitations. Section L.19(b) includes the requirement that “The Offeror shall include a list of those to whom the questionnaires were sent, including name of individual, phone number, organization, and contract number. Offerors shall include in their proposal the written consent of their proposed significant subcontractors to allow the Government to discuss the subcontractors' past performance evaluation with the Offeror.” Based on the L.14 exclusion, it would appear that these items are excluded from the page count. This seems to conflict with the answer provided to question 146. Will the Government reconsider its answer in light of the fact that Offerors may have already structured their Past Performance Volume to reflect the exclusion and would now be forced to revise their submission only days before proposal submission?

Answer: The Government will issue an amendment to RFP Section L.14 (b)(1) to exclude these documents from the page limit.
