OVER AND ABOVE PROCEDURES:

Work Requests will be processed in accordance with the following procedures.

Each Work Request shall be a stand-alone document, serially numbered beginning with the number one. Subsequent changes to Work Requests shall be identified by using the original Work Request number followed by an alphabetic designator beginning with "A". If more than one change is made, the alphabetic designator shall be consecutive.
- (b) Work Request Format: Work Requests (contractor format) shall contain, as a minimum, the following information:
 - (1) Date prepared
 - (2) Work Request number
 - (3) Narrative description of defect
 - (4) Proposed corrective action
 - (5) Proposed parts and material requirements
 - (6) Proposed labor man-hours
 - (7) Operations breakdown with the number of man-hours per step when proposed man-hours are 8 or more
 - (8) Block and Signature area for Contractor QA inspection and comments
 - (9) Contractor Over & Above certification and Signature area
 - (10) Block and Signature area for Government "Agreed Upon" and/or recommended hours
 - (11) Block and Signature area for Contractor "Agreed Upon" hours concurrence (signature required - when negotiated/agreed upon hours differ from contractor proposed hours)
 - (12) Block and Signature area for Contractor QA final inspection and closeout (signature required - when applicable)
- (c) The landing gear inspection is to proceed in accordance with the requirements the Statement-of-Work (SOW), applicable Inspection Cards, and any other Special Instructions/Tasking issued by the NASA DFRC Contracting Officers Representative (COR) (or his designated representative). The Contractor's Program Maintenance Manager (or his designated representative) shall determine that a tire replacement and wheel overhaul "Over and Above"

maintenance/repair action item is required (i.e., required maintenance work not covered under the basic fixed-price line item).

- (d) This information will be transferred to a Work Request and will then be submitted to the Contractors Quality Assurance inspector for approval. The Work Request shall include the Contractor proposed parts and material requirements along with the proposed labor hours required to correct the defect(s). Work requests exceeding 8 labor hours shall include a detailed/descriptive man-hour breakdown. The Contractor shall certify thereon that the work is not covered by the basic fixed-price effort.
- (e) The Work Request will then be submitted to the designated Government Technical Monitor (TM) for review, verification, and technical evaluation of the hours required to correct the discrepancy. The TM review shall include a confirmation that the work action proposed is satisfactory and a concurrence determination that the work is covered under the conditional maintenance portion of the contract. The TM shall then submit the Work Request to the authorized on-site NASA DFRC official for final negotiation, signature, and authorization to proceed. The Failure of the parties to agree upon the classification and/or amount of hours required to correct the deficiency shall be categorized as an “impasse” subject to a determination of “classification” and/or “hours” by the NASA DFRC Contracting Officers Representative (COR). The COR’s determination shall be “final” with the exception that this may be appealed directly to the NASA DFRC Contracting Officer (CO), at the Contractor’s discretion, for final disposition. Based upon the relevant facts, the CO will then issue a “Final Determination of the CO” subject to FAR 52.212-4(d) and FAR 52.233-1, “Disputes”. The Contractor and Government hereby agree that the “impasse” process shall not delay and/or unduly disrupt the flow of work to be performed on the wheel assemblies.
- (f) Except where the Contractor and the authorized on-site NASA DFRC official agree on discovery that the extent of the work required to correct the defect cannot be adequately identified, the “Agreed Upon” hours will not be later revised. After this additional teardown, evaluation, and inspection is completed, the Contractor shall submit a revised Work Request to be negotiated in accordance with the above procedures.
- (g) Definitization of Work Requests: Upon completion of the landing gear inspection (or monthly at the Contractors option), the Contractor shall submit to the CO, in writing, an overall consolidated listing of completed and closed-out conditional maintenance actions (i.e., parts & materials and man-hours) that were required during the current overhaul performance period. The following items shall accompany this report:
 - (1) A consolidated Work Request log sequentially numbered for the applicable “closed” items to include Work Description, parts and material, approved man-hours, IDR/concession submittals, and a total price summary.
 - (2) Copies of the completed and closed Work Requests and applicable invoices to support the direct material and/or labor prices.

 - (4) A commercial invoice to be approved by the Contracting Officer.

- (h) Verification of the consolidated conditional maintenance log. The CO will verify that the completed Work Requests are consistent with the "Agreed Upon" hours and that the price rates are in accordance with the contract. The CO will notify the Contractor within 10 days (or sooner) after receipt of Work Request log if any discrepancies exist. If no discrepancies exist, the invoice will be processed for payment.
- (1) Adjustment of the conditional maintenance line item: Upon final completion and acceptance of the overhaul services by the Government, the conditional maintenance line items will be adjusted into a final price amount by issuance of a bi-lateral contract modification.
- (i) Each IDR/concession submittal shall obtain written approval from the COR.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) ___ are, ___ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ___ have, ___ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ___ are, ___ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ___ Have, ___ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products* (Executive Order 13126). (The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).)

___ (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

___ (ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(2) ___ Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Act.* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) (The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.)

[X] (1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror ___ does ___ does not certify that--

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies--

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)
