- (a) Provide information from organizations and companies from which your company has previously performed work in order for the Government to obtain appraisals of past performance. Offerors, including joint ventures, major subcontractors (subcontracts estimated annual value greater than \$500,000), and the proposed program manager shall each provide information on up to 3 past contracts (subject to the page limitation constraints).
- (b) Offerors shall consider the relevancy and recency of the effort(s) as they relate specifically to this requirement. Offerors are advised that the Government's evaluation of submitted contracts for past performance will include an evaluation of how recently performance has occurred. Only contracts with performance within 3 years from date of the solicitation will be considered recent. Offerors with no past performance experience shall so state.
- (c) The following information shall be provided:
- Contract number
  - Contract value (If other than the prime, provide the overall contract value and the subcontract contract value)
  - Employing agency/company name
  - Point of contact (including address, telephone and fax numbers, and e-mail addresses)
  - If a Government agency, include both the Contracting Officer and Contracting Officer's Representative points of contact
  - Contract description
  - Place of performance
  - Period of performance
  - Contract type
  - Status of contract (current, terminated [if so, why], successfully completed [include completion date])
  - Consent letters executed by each subcontractor, teaming partner, proposed program manager, and/or joint venture partner authorizing the release of past performance information so the Offeror can respond to such information. This letter will not be subject to the page limitation constraints. See sample consent letter at Attachment 5-CL.
  - Submit information on contracts that you consider relevant in demonstrating your ability to perform the proposed effort. The submission shall include rationale supporting your assertion of relevancy. This submission shall clearly detail what portions of the Statement of Work, the prime, joint venture, subcontractors, and proposed program manager are responsible for. For a description of the characteristics or aspects the Government will consider in determining relevance, see Section 6.1.2. If the Past Performance volume includes data on any parent or affiliated company that is not a proposed team member, then provide a narrative to address the specific resources (workforce, management, facilities, or other resources) of the parent or affiliated company and the degree to which these resources will be provided or relied upon for contract performance, such that this parent or affiliated company will have meaningful involvement in contract performance.
  - Explain which divisions, business units, segments, or other organizations of your company are proposed to perform the effort. Provide information regarding the relationship and types of resources shared (workforce, management, facilities, or other resources) between any divisions, business units, groups, segments, or other organizations in your company which are proposed to perform the effort. Provide an organizational chart displaying the relationships between divisions, business units, groups, segments, or other organizations which are proposed to perform the effort.
