

Industry Telecon Opportunity and NAICS Code Size Standard Revision

December 5, 2013

NAICS Code Size Standard Revision:

The anticipated North American Industry Classification System (NAICS) code to be used for this procurement is 541712, Research and Development in the Physical, Engineering, and Life Sciences (except Biotechnology). The two exceptions that apply are for Space Vehicles, their propulsion units, their auxiliary equipment and parts, and Aircraft Parts and their auxiliary equipment. The size standard to be used is 1000 employees.

Industry Telecon Opportunity:

NASA Glenn Research Center will be holding an Industry Teleconference on **Tuesday December 10th at 1:30 – 2:30pm EST** to discuss the Test Facilities Operations Maintenance and Engineering (TFOME II) upcoming solicitation. This procurement is in the pre-planning phases and is currently soliciting information about potential sources for the follow-on. As we are still early on in the process all information should be taken as tentative and subject to change.

Planned Agenda:

- General description of the work effort
- Discuss anticipated schedule
- Answer general questions

Dial-in Information: 1-866-655-8087, passcode: 8391959
