TO: All Prospective Offerors

SUBJECT: Request for Proposal, NNG14469449R, for Geophysics,
Geodynamics and Space Geodesy (GGSG) Support Services

You are invited to submit a proposal in response to NASA/Goddard Space Flight Center's (GSFC) Geophysics, Geodynamics and Space Geodesy (GGSG) Support Services solicitation. This effort will support satellite remote sensing as well as field and aircraft instruments and activities for measuring earth, oceanic, biospheric and atmospheric processes. This effort will support a wide array of geodynamic, geomagnetic, geophysical, and atmospheric investigations of solar system bodies such as the Earth, Venus, Mars, and Mercury. Among the requirements for these investigations are instrument development; software development and maintenance; data collection, archiving and dissemination; scientific data analysis, modeling and interpretation; reports and presentations of scientific results; and related public outreach and education.

This procurement is a full and open competition. This competitive procurement will result in a Cost-Plus-Fixed-Fee (CPFF), Indefinite Delivery Indefinite Quantity (IDIQ) contract with an ordering period that extends five years from the effective date of the contract. A 30-day phase-in will be conducted under a separate firm fixed price contract vehicle prior to the effective date of the contract.

Scenarios have been included as part of the RFP to help the Government understand how you, as our contractor, would accomplish such scenarios. Offerors are required to respond to the Scenarios as part of the mission suitability evaluation. Offerors are encouraged to carefully read Section L, the associated Cost Exhibits, and Section M of the RFP.

A procurement library has been established which contains information and reference material related to this solicitation. This data may be examined at the following website:

<https://foiaelibrary.gsfc.nasa.gov/>

All documents related to this procurement, including this letter, the solicitation, Enclosures, Attachments, Exhibits, the reference library, and any amendments will be attainable electronically from the World Wide Web through the NASA Home Page. The URL

address for NASA Business Opportunities is http://prod.nais.nasa.gov/cgi-bin/nais/link_syp.cgi.

Offerors are encouraged to monitor the website for potential updates to the solicitation.

This RFP does not commit NASA/GSFC to pay any proposal preparation costs, nor does it obligate NASA/GSFC to procure or contract for these services. This request shall not be construed as authorization to proceed with, or be paid for charges incurred by performing any of the work called for in this solicitation.

Proposals in response to this solicitation are due no later than Monday, December 8, 2014, 3:00pm Eastern Standard Time.

Below is a list of the Source Selection Authority (SSA) and voting members along with their associated GSFC organizational codes, for the GGSG Source Evaluation Board. The names provided are for informational purposes only and, other than the Contracting Officer, Makara Nevils, these individuals should not be contacted regarding the GGSG acquisition. The Government reserves the right to change personnel associated with this acquisition at its discretion and without further notification.

SSA

Piers Sellers, SSA, Deputy Director of Sciences and Exploration, Code 600

Voting Members

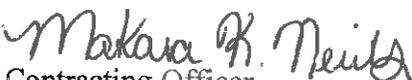

John Haberman, Chairperson, Code 690

Makara Nevils, Contracting Officer, Code 210.5

Thomas Neumann, Technical Specialist, Code 615

Carey Noll, Technical Specialist, Code 690

Offerors are reminded that a "Blackout" letter for this procurement was distributed to all GSFC personnel concurrently with the release of the Final RFP to industry. Therefore, all communications pertaining to this procurement shall be directed to the Contracting Officer listed below. All questions pertaining to the RFP shall be submitted in writing, by mail, or electronically to the Contracting Officer by November 19, 2014 for consideration. If you have questions regarding this RFP, please contact Makara Nevils, preferably by electronic mail at makara.k.nevils@nasa.gov.
