COVER PAGE

FINAL REQUEST FOR PROPOSAL (RFP)

The National Aeronautics and Space Administration (NASA) is seeking proposals from potential sources to perform facility operations and maintenance of institutional and technical facilities and manufacturing and test support services. The effort will consist of non-personal technical and management services at SSC and MAF. This Final Request for Proposal (RFP) provides for facility operations and maintenance, manufacturing support, and test support activities described therein.

Potential Offerors are cautioned to read/review all final documents carefully. A high level change matrix is provided; however, the potential Offerors are responsible for ensuring that every document is thoroughly reviewed as all changes may not be reflected in the change matrix.

There shall be no hard copies of the solicitation, technical specification, or drawings. All of the aforementioned information with respect to this solicitation will only be available electronically at the following address: <https://prod.nais.nasa.gov/cgi-bin/eps/sol.cgi?acqid=159785>. It is the responsibility of potential Offerors to monitor this site for the release of additional information pertaining to this solicitation.

Section L.I-13, "Proposal Submission Requirements," references the due dates and times for each Volume required in response to this solicitation.

All Offerors are reminded that all correspondence with regard to this solicitation shall be directed to the undersigned.
