(Signature of person authorized to sign)			

Solicitation #NNX14494502R is amended as follows:

1. Several parts of RFP Section L.20 Volume I: Mission Suitability Proposal Instructions, have been revised as follows:

**L.20(a)(5)**

**FROM**

- In brief descriptions, what realistic, actionable, creative and innovative ideas does the Offeror have for improving the way the NSSC's services are currently provided? Ideas shall be clearly identified by service, shall include a description of any initial investment cost required, the expected return on investment and the impact on service price.

**TO**

- In brief descriptions, what realistic, actionable, creative and innovative ideas, including the use of major system functionality, does the Offeror have for improving the way the NSSC's services are currently provided? Ideas shall be clearly identified by service, shall include a description of any initial investment cost required, the expected return on investment and the impact on service price.

**L.20(b)(1)**

**FROM**

(1) The Offeror shall demonstrate its knowledge and capability to use the various systems required for providing NSSC Financial Management Services. At a minimum, the Offeror shall address:

- How does the Offeror's approach display an understanding of the major systems used by NASA for Financial Management Services (SAP, Government eTravel Systems, U.S. Treasury Systems, System for Award Management (SAM), Wide Area Workflow (WAWF), workflow management, tracking and reporting systems); the interrelationships, if any, between systems; the functionality of the systems in supporting Financial Management Services delivery; and how the functionality of these systems can be used to improve the delivery of Financial Management Services?

**TO**

(1) The Offeror shall demonstrate its knowledge and capability to use the various major systems used by NASA to provide NSSC Financial Management Services. At a minimum, the Offeror shall address:
