

AMENDMENT OF SOLICITATION  
(Continued)

This is an amendment to Request for Proposal (RFP) NNM14494731R for NASA MSFC Information Technology Services (MITS) issued by the George C. Marshall Space Flight Center. The purpose of this amendment is to replace Attachment L-B, Cost Forms, Forms B1, in their entirety in order to correct formula errors identified therein.

Offerors are notified that the due date for submission of proposals remains unchanged and offerors were previously instructed to correct any identified errors in the cost forms. Therefore, use of the revised cost forms is encouraged though not mandatory. Offerors electing to not utilize the revised forms must ensure that formula corrections have been properly implemented which may be aided by comparison of the Offeror's Pricing Model (OPM) to the Excel Pricing Model (EPM).
