

**PAST PERFORMANCE QUESTIONNAIRE INSTRUCTIONS
(Updated September, 2010)**

Sections I through III provide for contract-related descriptive information and identification of the evaluator.

Section IV lists major work elements within our Statement of Work (SOW). Please provide your assessment of the “relevant experience” and “performance” associated with our SOW evidenced within the contract for which you are a reference. Your assessment of the relevancy should reflect the fact that the principal purpose of our contract is to procure a research Dewar to be used on the International Space Station. NASA will integrate the Dewar with a receiver tank, and use them in a demonstration of the storage and transfer of cryogenic fluids in zero g, with zero boiloff for six months or more.

“**Significant Experience**” means that a full range of services was routinely performed by the contractor under the associated SOW element. “**Moderate Experience**” describes a contractor who has experience in several aspects of a work element even though the experience may not have been on a continuous basis or directly related to the purpose of our contract. “**Minimal Experience/Did not Perform**” means that, although at least some aspects of the work may have been performed, such performance was limited in scope or frequency, or the work element was not performed under the contract.

Section V evaluates the contractor’s technical, schedule, and cost performance and management. (Additional pages may be used for comments if desired). It is very important to keep in mind that only performance in the **past 3 years** is relevant. If you cannot answer any questions, please circle “N/R” for Not Rated.

The following definitions are offered for your use in assigning a performance rating for each of the factors in Sections IV and V:

Very High (VH)	The Offeror’s relevant past performance is of exceptional merit ; indicating exemplary performance in a timely, efficient, and economical manner; very minor (if any) problems with no adverse effect on overall performance.
High (H)	The Offeror’s relevant past performance demonstrates very effective performance that would be fully responsive to contract requirements with contract requirements accomplished in a timely, efficient, and economical manner for the most part with only minor problems with little identifiable effect on overall performance.
Moderate (M)	The Offeror’s relevant past performance t demonstrates effective performance; fully responsive to contract requirements; reportable problems, but with little identifiable effect on overall performance.
Low (L)	The Offeror’s relevant past performance meets or slightly exceeds minimum acceptable standards; adequate results; reportable problems with identifiable, but not substantial, effects on overall performance.
Very Low (VL)	The Offeror’s relevant past performance does not meet minimum acceptable standards in one or more areas; remedial action required in one or more areas; problems in one or more areas which, adversely affect overall performance.
N/R	Not Rated

Section VI provides for evaluation of the contractor’s management of cost and award/incentive fee history.
