Dated: March 6, 2015

Question	Response
<p>Amendment 2 indicates that the period of performance for Option 2 now ends on February 28, 2021. Amendment 1 stated an end date of January 31, 2021 and the cost model exhibits included there also carry the January 31 date. The exhibits for the Slip Months also assume the January 31 end date.</p>	<p>The Period of Performance for Option 2 is unchanged and remains October 1, 2019 through January 31, 2021, as reflected in Amendment 1. The Prospective Offerors letter dated March 4, 2015, that was attached to Amendment 2 contained an error which incorrectly stated the end date for Option 2.</p>
<p>Can the Government please confirm the end date for Option 2? Will new cost models be issued?</p>	<p>No new cost models will be issued as the January 31, 2021 end date for Option 2 remains unchanged.</p>
<p>The Prospective Offerors letter dated March 4th 2015, cites an end date for the Option 2 period of performance as <i>February 28th, 2021</i> whereas Clause B8 on page 4 cites the end date as <i>January 31st 2021</i>. Does this impact the pricing (e.g. a period of performance 60 months versus 61 months)? Please clarify.</p>	<p>An Amendment will be uploaded to the RFP to revise Clause B.8, Option to Extend, to correctly state Period of Performance for both Option 1 and Option 2 as follows:</p> <p>Option 1: October 1, 2017 – September 30, 2019 Option 2: October 1, 2019 – January 31, 2021</p> <p>All Offerors are reminded submission for proposals remain unchanged, March 10, 2015 at 3:00 p.m Eastern Standard Time.</p>
