

Questions & Answers #2
NPP Final RFP NNH14496602R

- Q7) In Section L.11, the RFP requires the completion and submission of Exhibits 2-A through 14, including electronic copies submitted in Microsoft Excel format. The Exhibits provided through the NASA Acquisition Internet Service (NAIS) are in PDF images format and cannot be converted to Excel. Manually re-creating the Exhibits will result in inconsistent formatting from the Offerors and make evaluation of data and formulas more burdensome for the Source Selection Board. Will the Government please post the required Exhibits in Excel format in accordance with the requirements (Excel Spreadsheet, not the PDF versions)?
- A7) Exhibits 1 – 14 will be uploaded in Excel.
