TO: All Prospective Offerors

SUBJECT: Request for Proposal (RFP) NNK15524039R for the GSDO Mobile Launcher Ground Support Equipment Installation.

The National Aeronautics and Space Administration (NASA), Kennedy Space Center (KSC), is releasing Amendment 4 to the RFP for the Mobile Launcher Ground Support Installation. As noted previously, this acquisition evaluation is being conducted in two parts due to the aggressive launch schedule and the need for the modifications to the Mobile Launcher. Part 1 is the submission and evaluation of the Past Performance Volume. Part 2 is the submission and evaluation of the Price Volume.

The RFP was initially released with the Quality Control Package (QC). This QC package was not the final 100% complete design package. This Amendment posts the 100% complete Specification and Drawings Package as well as the final Government Furnished Property listing.

The requested submission date for Part 1 (Past Performance) is unchanged and should be submitted on February 24, 2015. The closing submission date for Part 2 (Price Volume) is April 1, 2015 at 3:00 P.M. EST.

The drawings package and specification are accompanying this RFP. No paper copies will be furnished.

The required content of an acceptable proposal is discussed in RFP Section L, Table A for Part 1 and Table B for Part 2.

The period for Questions regarding this RFP will be addressed in the amended RFP. Received questions and answers will be communicated through an amendment to the RFP that will be posted on the NAIS website.

In accordance with the RFP Section L.21 provision, Delivery Instructions for Bids/Proposals, offerors are required to deliver proposals to the Central Industry Assistance Office (CIAO), 7110 N. Courtenay Parkway, Merritt Island, FL, 32953 on or before the date and time set for receipt of proposals. The CIAO is located on State Road 3, approximately 2 miles south of Gate 2 to KSC. Access to KSC is not required. Proposals that arrive after the prescribed time for receipt of proposals will be considered late and treated in accordance with FAR 52.215-1, Instructions to Offerors – Competitive Acquisitions. Offerors are instructed to coordinate all proposal deliveries with the

Solicitation NNK15524039R**

Contracting Officer.

It is the offeror's responsibility to monitor the NAIS website for any changes to the schedule or posting of amendments to the RFP.

The information provided in this cover letter is not intended to be construed differently from the information in the RFP. Should an apparent conflict in interpretation exist, the information in the RFP should be considered to take precedence.

Please note that this Solicitation includes the Federal Acquisition Regulation (FAR) clause 52.232-18 Availability of Funds. (APR 1984) which states:

"Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer."

This solicitation neither commits the Government to pay any cost incurred in the submission of the offer or in making necessary studies or designs for preparing the offer, nor to contract for services or supplies. Any cost incurred in anticipation of a contract shall be at the offeror's own risk.

**Tyrone Frey
Contracting Officer**

Released Contract Drawings

In-Work Contract Drawings

Released Reference Drawings

Non-Released Reference Drawings

Documents Posted today supersede all previous specs and drawings and are considered final.

Part 1 Past Performance Proposal date requested is unchanged at 2/24/15.

Part 2 Price Volume Proposal is 4/1/15 at 3:00 P.M. EST

BIDDER QUESTIONS:

Question: Please provide CAD and/or Model files for the above Referenced Drawings, if available.

Answer: Per the solicitation section J.1A.10 - 3D SOLID MODEL, the awardee will be provided with the exported Creo View (*.pvs), IGES (*.igs), Neutral (*.neu), STEP (*.stp), or Parasolid (*.x_t) compatible file 7 days after request. CADD files or models will not be provided at this time.

Question: A comparison was made between the NNK15524039R J-F List of GFE Equip list and the systems to be identified in the Fluids and Electrical Installation drawing (K0000075499). The following spread sheet highlights the GFE equipment to be installed. Is the contractor responsible for all equipment not highlighted? Are there drawings numbers or other specifications for the equipment not provided? Please see attached spreadsheet for missing items.

Answer: The items noted are resolved in the 100% release of the drawing package.

Question: For ECS, NNK15524039R J-F List of GFE Equip, there is a discrepancy for the following item numbers: 45 - 51 are not used, the Signal Conditioners, (items 48 & 51, 57 & 59, 65 & 67) were not identified on the ECS drawing, and items 59 - 64, 66 were not used. Some of the drawing numbers are the same the components needed, but the Equipment identifiers did not correlate. Can you advise on these items?

Answer: The items noted will be resolved in the 100% release of the drawing package.
