

1. Can you provide further information regarding the NASA IT Security requirements?
<http://www.nasa.gov/offices/ocio/itsecurity/index.html>

2. What contract vehicle will be used to purchase the digital signage solution for communication of information?

At this time we do not know. The purpose of the RFI is to help us determine the best contract vehicle.

3. How many units are you looking to purchase?

Initially, one; however, we would like the vendor to provide the cost of adding additional units as well as the capability to develop content groups that would allow different content to be shared to different unit groups.

4. Will this be a one time purchase?

Yes; however, we want the capability to expand the number of units in the future.

5. Please let us know the size and daily run-time requirements to make the best recommendations.

We will determine monitor size based upon estimated price. We anticipate selecting monitors in the 42 inch to 55 inch range.

6. Initial quantity required?

One.

7. Display size required (32/40/46/55/65/75")?

The vendor should provide pricing for 40 – 55.

8. Portrait or landscape mode installation preferred?

The solution should have the flexibility to do both.

9. Would touch interactive be required?

This feature will not be required, but will be considered, depending upon cost and complexity.
