

Q&A Set 1

Question 1: The ADC requirements table is not clear and seems to be missing headers for the columns. Can you provide an updated table?

Answer 2:

	Reqt Value	CBE Performance	Margin	Comment
Pointing Control	3 arcmin (0.05 deg)	0.007 deg	714%	3 σ
Jitter (frequencies > 20 Hz)	5 arcsec	1 arcsec	1000%	RMS
Slew Rate	> 0.1 deg/sec	3 deg/sec	3000%	

Question 2: The Selection Criteria section includes a number of criteria in addition to the info requested in the RFI. These include flight heritage, partnerships, experience, etc. If we include this information in our proposal is it considered part of the 15 pages or can we incorporate it in an Appendix?

Answer 2: Reference Paragraph 4 – Submission Instructions. The technical response is limited to 15 pages. Therefore, information submitted under the “selection criteria” may be included as an appendix. No page limit has been established for this information. However, the total submission must adhere to the file size limits identified in the Partnership Opportunity Document.
