

NASA Solicitation #NNH15561550Q

**Questions and Answers**

**Question 3:** In our experience working with federal agencies, we deal with network security requirements. We suspect that this may not be any different. Please elaborate on what is expected in order to achieve VRS within the secured network within NASA.

**Answer:** More than likely we would have to adhere to the network security requirements. Which would be finalized upon award.

**Question 4:** How many deaf and hard of hearing NASA employees will receive this service? Will each be required to have their own account to use NASA VRS on as-needed basis?

**Answer:** There is only one deaf employee that will be using the VRI Service.
