Grant Notice

GN16-01
July 5, 2016

**Implementation of Section 872 of the Duncan Hunter National Defense
Authorization Act for Fiscal Year 2009 (FAPIS) as it applies to 14 CFR 1274
(NASA Case 2015-N014)**

PURPOSE: This Grant Notice (GN) revises 14 CFR 1274, Cooperative Agreements with Commercial Firms, concerning the implementation of Section 872 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (FAPIS) as it applies to financial assistance awards as set forth in the final rule published in the Federal Register on Friday, June 3, 2016, and effective July 5, 2016. To view copy of the final rule, click [here](#).

BACKGROUND: On July 22, 2015, OMB issued a final guidance to Federal agencies to implement section 872 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009, as that statute applies to grants and cooperative agreements. The final OMB guidance revises 2 CFR 180 and 2 CFR 200, by addressing how the designated integrity and performance system (currently FAPIS) and other information may be used in assessing recipient integrity. Cooperative agreements to commercial firms, when cost share is required, are not covered under 2 CFR 200, but under regulations promulgated in 14 CFR 1274. Therefore, it was necessary that NASA issue an amendment to 14 CFR 1274 incorporating the new guidelines implementing section 872.

FINANCIAL ASSISTANCE AFFECTED BY CHANGES: This requirement is applicable to all funding opportunities issued and cooperative agreements awarded to commercial firms, when cost share is required, after the effective date of the final rule, July 5, 2016.

ACTION REQUIRED BY GRANT OFFICERS: Grant officers shall implement the changes as described in the following sections:

- 1274.203 – Solicitations/cooperative agreement notices.
- 1274.209 – Evaluation and selection.
- 1274.211 – Award procedures.
- 1274.212 – Award information.
- 1274.303 – Public access to Federal award information.

1274.304 – Reporting a determination that a non-Federal entity is not qualified for a Federal award.

1274.701 – Suspension or termination.

1274.803 – Suspension and Debarment.

TERM AND CONDITION CHANGES: These changes resulted in the need to establish a new term and condition (1274.944) that the grant officer shall include on all awards to commercial firms when cost share required.

PARTS AFFECTED: 14 CFR 1274.

TYPE OF RULE AND PUBLICATION DATE: The changes were published as a final rule in the Federal Register ([81 FR 35583](#)) on Friday, June 3, 2016.

EFFECTIVE DATE: July 5, 2016

PART 1274—COOPERATIVE AGREEMENTS WITH COMMERCIAL FIRMS

PART 1274—COOPERATIVE AGREEMENTS WITH COMMERCIAL FIRMS

Authority: 51 U.S.C. 20113(e) and 31 U.S.C. 6301 to 6308; 51 U.S.C. 20102, *et seq.*

§ 1274.203 Solicitations/cooperative agreement notices.

* * * * *

(g) If NASA anticipates that the total Federal share of any award made under a funding agreement may exceed, over the period of performance, the simplified acquisition threshold, the notice of funding opportunity must include the information as required in Appendix 1 to Part 200, paragraph E.3, paragraph E.4, and paragraph F.3.

* * * * *

§ 1274.209 Evaluation and selection.

* * * * *

(e)(1) Prior to making a Federal award, agreement officers are required by 31 U.S.C. 3321 and 41 U.S.C. 2313 note, to review information available through any OMB-designated repositories of governmentwide eligibility qualification, currently the System of Award Management(SAM), or financial integrity information (currently Federal Awardee Performance and Integrity Information System (FAPIIS)), as appropriate. See also suspension and debarment requirements at 2 CFR part 180 as well as individual Federal agency suspension and debarment regulations in title 2 of the Code of Federal Regulations.

(2) In accordance with 41 U.S.C. 2313, agreement officers are required to review the non-public segment of FAPIIS prior to making a Federal award where the Federal share is expected to exceed the simplified acquisition threshold, defined in 41 U.S.C. 134, over the period of performance. At a minimum, the information in the system for a prior Federal award recipient must demonstrate a satisfactory record of executing programs or activities under Federal grants, cooperative agreements, or procurement awards; and integrity and business ethics. NASA may make a Federal award to a recipient who does not fully meet these standards, if it is determined that the information is not relevant to the current Federal award under consideration or there are specific conditions that can appropriately mitigate the effects of the non-Federal entity's risk in accordance with 2 CFR 200.207, Specific conditions.

§1274.211 Award procedures.

* * * * *

(d) * * *

(5) The non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the assigned agreement officer or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that have received a Federal award including the term and condition outlined in Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in §200.338 Remedies for noncompliance, including suspension or debarment. (See also 2 CFR part 180, 31 U.S.C. 3321, and 41 U.S.C. 2313.)

§1274.212 Award information.

* * * * *

(c) *Recipient integrity and performance matters.* If the total Federal share of the Federal award is more than \$500,000 over the period of performance, agreement officers must include the terms and conditions in § 1274.944 of this chapter.

* * * * *

1274.303 Public access to Federal award information.

(a) In accordance with statutory requirements for Federal spending transparency (e.g., FFATA), except as noted in this section, for applicable Federal awards NASA must announce all Federal awards publicly and publish the required information at www.USAspending.gov.

(b) All information posted in FAPIIS, accessible through SAM, on or after April 15, 2011 will be publicly available after a waiting period of 14 calendar days, except for—

(1) Past performance reviews required by Federal Government contractors in accordance with the Federal Acquisition Regulation (FAR) 42.15;

(2) Information that was entered prior to April 15, 2011; or

(3) Information that is withdrawn during the 14-calendar day waiting period by the Federal Government official.

(c) Nothing in this section may be construed as requiring the publication of information otherwise exempt under the Freedom of Information Act (5 U.S.C 552), or controlled unclassified information pursuant to Executive Order 13556.

§ 1274.304 Reporting a determination that a non-Federal entity is not qualified for a Federal award.

(a) If NASA does not make a Federal award to a non-Federal entity because the agreement officer determines that the non-Federal entity does not meet either or both of the minimum qualification standards, as described in paragraph (a)(2) of 2 CFR 200.205, the agreement officer must report that determination in FAPIIS, accessible through SAM, only if all of the following apply:

(1) The only basis for the determination described in paragraph (a) of this section is the non-Federal entity's prior record of executing programs or activities under Federal awards or its record of integrity and business ethics, as described in paragraph (a)(2) of 2 CFR 200.205, (i.e., the entity was determined to be qualified based on all factors other than those two standards); and

(2) The total Federal share of the Federal award that otherwise would be made to the non-Federal entity is expected to exceed the simplified acquisition threshold over the period of performance.

(b) Agreement officers are not required to report a determination that a non-Federal entity is not qualified for a Federal award if they make the Federal award to the non-Federal entity and includes specific award terms and conditions (see § 1274.209).

(c) If the agreement officer reports a determination that a non-Federal entity is not qualified for a Federal award, as described in paragraph (a) of this section, the agreement officer also must notify the non-Federal entity that—

(1) The determination was made and reported to FAPIIS, accessible through SAM, and include with the notification an explanation of the basis for the determination;

(2) The information will be kept in the system for a period of five years from the date of the determination, as required by section 872 of Pub. L. No.110-417, as amended (41 U.S.C. 2313), then archived;

(3) Agreement officers making a Federal award to the non-Federal entity during that five year period must consider the information found in FAPIIS when judging whether the non-Federal entity is qualified to receive the Federal award when the total Federal share of the Federal award is expected to include an amount of Federal funding in excess of the simplified acquisition threshold over the period of performance of the award;

(4) The non-Federal entity may go to the awardee integrity and performance portal accessible through SAM (currently the Contractor Performance Assessment Reporting System

(CPARS)) and comment on any information the system contains about the non-Federal entity itself; and

(5) Agreement officers will consider that non-Federal entity's comments in determining whether the non-Federal entity is qualified for a future Federal award.

(d) If the agreement officer enters information into FAPIIS about a determination that a non-Federal entity is not qualified for a Federal award and subsequently—

(1) Learns that any of that information is erroneous, the agreement officer must correct the information in the system within three business days; and

(2) Obtains an update to that information that could be helpful to other Federal awarding agencies, the agreement officer is strongly encouraged to amend the information in the system to incorporate the update in a timely way.

(e) The agreement officer shall not post any information that will be made publicly available in the non-public segment of designated integrity and performance system that is covered by a disclosure exemption under the Freedom of Information Act. If the recipient asserts within seven calendar days to NASA that some or all of the information made publicly available is covered by a disclosure exemption under the Freedom of Information Act, agreement officers must remove the posting within seven calendar days of receiving the assertion. Prior to reposting the releasable information, agreement officers must resolve the issue in accordance with the agency's Freedom of Information Act procedures.

* * * * *

§ 1274.701 Suspension or termination.

* * * * *

(b) * * *

(5) When NASA terminates a Federal award prior to the end of the period of performance due to the non-Federal entity's material failure to comply with the Federal award terms and conditions, NASA must report the termination in FAPIIS.

(6) The information required under paragraph (b) of this section is not to be reported to designated integrity and performance system until the non-Federal entity either—

(i) Has exhausted its opportunities to object or challenge the decision, see §200.341 Opportunities to object, hearings and appeals; or

(ii) Has not, within 30 calendar days after being notified of the termination, informed the agreement officer that it intends to appeal the decision to terminate.

(7) If the agreement officer, after entering information into FAPIIS about a termination, subsequently:

(i) Learns that any of that information is erroneous, the agreement officer must correct the information in the system within three business days;

(ii) Obtains an update to that information that could be helpful to other Federal awarding agencies, the agreement officer is strongly encouraged to amend the information in the system to incorporate the update in a timely way.

(8) Agreement officers shall not post any information that will be made publicly available in the non-public segment of designated integrity and performance system that is covered by a disclosure exemption under the Freedom of Information Act. If the non-Federal entity asserts within seven calendar days to the Federal awarding agency who posted the information that some of the information made publicly available is covered by a disclosure exemption under the Freedom of Information Act, agreement officers must remove the posting within seven calendar days of receiving the assertion. Prior to reposting the releasable information, agreement officers must resolve the issue in accordance with the agency's Freedom of Information Act procedures.

(c) When a Federal award is terminated or partially terminated, both NASA or the pass-through entity and the non-Federal entity remain responsible for compliance with the closeout and post-closeout requirements and continuing responsibilities.

(d) *Notification of termination requirement.* If the Federal award is terminated for the non-Federal entity's material failure to comply with the Federal statutes, regulations, or terms and conditions of the Federal award, the notification must state that—

(1) The termination decision will be reported in FAPIIS, accessible through SAM;

(2) The information will be available in FAPIIS for a period of five years from the date of the termination, then archived;

(3) When considering making a Federal award to the non-Federal entity during that five year period, NASA must consider that information in judging whether the non-Federal entity is qualified to receive the Federal award, when the Federal share of the Federal award is expected to exceed the simplified acquisition threshold over the period of performance;

(4) The non-Federal entity may comment on any information that the OMB-designated integrity and performance system contains about the non-Federal entity for future consideration by NASA. The non-Federal entity may submit comments to the awardee integrity and performance portal accessible through SAM (currently (CPARS)).

(5) Agreement officers will consider non-Federal entity comments when determining whether the non-Federal entity is qualified for a future Federal award.

§ 1274.803 Suspension and Debarment.

Non-federal entities are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180, adopted by NASA at 2 CFR part 1880. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

§ 1274.944 Award term and condition for recipient integrity and performance matters.

(a) *Reporting of matters related to recipient integrity and performance.*

(1) *General reporting requirement.*

(i) If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported in FAPIIS about civil, criminal, or administrative proceedings described in paragraph (a)(2) of this section. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313).

(ii) As required by section 3010 of Public Law 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

(2) *Proceedings about which you must report.* Submit the information required about each proceeding that—

(i) Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

(ii) Reached its final disposition during the most recent five year period; and

(iii) Is one of the following:

(A) A criminal proceeding that resulted in a conviction, as defined in paragraph (a)(5)(ii) of this section.

(B) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(C) An administrative proceeding, as defined in paragraph (a)(5)(i) of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000.

(D) Any other criminal, civil, or administrative proceeding if—

(1) It could have led to an outcome described in paragraph (a)(2)(iii)(A), (B), or (C) of this section;

(2) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and

(3) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

(3) *Reporting procedures.* Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph (a)(4) of this section. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM, because you were required to do so under Federal procurement contracts that you were awarded.

(4) *Reporting frequency.* During any period of time when you are subject to the requirement in paragraph (a)(1) of this section, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that

have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

(5) *Definitions.* For purposes of this section:

(i) Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

(ii) Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

(6) Total value of currently active grants, cooperative agreements, and procurement contracts includes—

(i) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and

(ii) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

(b) [Reserved]
